HOW IT WORKS ON A JOB

1

Send the opening

A photo and the size. Rough numbers are fine for a first price.

2

A mockup for your client

Within 1–2 days you get a picture and a price you can show.

3

Deposit

Once the design and the final size are confirmed and the deposit is paid, we start cutting.

4

Pick up and mount

Ready in 3–4 weeks, pickup in Philadelphia. It comes with simple mounting instructions.

Nothing gets torn out

The panel sits inside, in front of the existing glass. The old window or door stays as it is.

Old openings are fine
